¹The bonus rate is an additional rate for Purchase Payments received in the first year of the contract (applies to each Purchase Payment for 12 months). In lieu of the bonus rate for TX contracts, the first year initial interest rate will include additional guaranteed interest equivalent to the current bonus rate for contributions received in the first year of the contract.

²The 2nd Year Rate applies to each Purchase Payment (contribution) for the 12-month period after the Initial Interest Rate 12-month period ends. The 2nd Year Rate is set on calendar quarters and applies to all purchases entering their second year during the quarter.
